

Who we are

Mattamy Homes is the largest family-owned homebuilder in North America and is Canada's largest new home construction and development firm, with more than 48 years of operations history across Canada and the United States. From a humble beginning – the building and sale of a single home – Mattamy Homes has evolved into a leading homebuilding brand in North America. We're proud to help more than 8,000 families every year realize their dreams of home ownership.

What we do

The scope of Mattamy's operations encompasses land acquisition, community design and development, and housing and parkland design and construction, with particular emphasis on creating complete communities of enduring value to homeowners. Mattamy offers personalized homes in the most desired locations across a wide variety of demographics, price points, and ages and stages in life. Our core target market includes first-time buyers and move-up families, as well as the empty-nester and second-home segments.

In Canada, our product mix includes mid-rise and high-rise condos, and everything ranging from Village Homes (back-to-back townhomes) to 50' single-family detached homes.

In the US, our product mix ranges from townhomes to large-lot single-family detached homes (65'+).
